

NCFE Cache Level 2 Certificate

## SAFE HANDLING OF MEDICATION

Be 19+ at the beginning of the academic year

Lived within the EU for the last 3 years

Live in London and earn less than the London Living Wage

Millions of individuals worldwide benefit from the strong ingredients found in modern medicines. However, improper handling or usage of these drugs can have dangerous, even lethal, effects. Anyone who works with medication needs to be up to date on safe medication handling practises.

### Benefits

- Obtain a nationally recognised Level 2 qualification
- Demonstrate to potential employers that you are competent
- Advance your professional and personal development
- Gain relevant skills, knowledge and understanding to improve service user experience
- Learn whenever it is convenient for you, without having to go to college.

### What you will learn

This qualification is made of 5 units:

- Gain good up-to-date knowledge of the safe handling of medicines
- Learn how to maintain stock and record, store and dispose of medication
- Understand the different types of medication and how they are classified
- Learn the correct procedure for record keeping and the audit process
- Gain relevant skills, knowledge and understanding to improve service user experience
